# LH 217

## TALPA MACHINES ARE BUILT TO WORK UNDER TOUGH MINING APPLICATIONS.

Talpa LH 217 is a diesel-powered heavy-duty loader for narrow vein mining. The powerful four-wheel-drive articulated chassis ensure fast and safe manoeuvring in tight spaces.

Talpa LH 217 layout is designed for good visibility and balance whilst ensuring highest safety possible with its ROPS&FOPS certified canopy.

LH 217 is easy to use and service; with simple gauges and a long-life structure, providing the lowest possible total costs of operation.

All the service points are well protected but easy to access.

## TECHNICAL SPECIFICATIONS TALPA LH-217

### **CAPACITIES**

|                 |                               |
|-----------------|-------------------------------|
| Net Weight      | 10.500 kg                     |
| Bucket Capacity | 1.7 m <sup>3</sup> – 3.500 kg |

### **DRIVING SPEEDS (LOADED)**

|          |          |
|----------|----------|
| 1st Gear | 4,1 km/h |
| 2nd Gear | 9 km/h   |
| 3rd Gear | 25 km/h* |

\* 3rd gear may be blocked by the OEM to prevent misuse.

### **DRIVELINE**

|                            |                        |
|----------------------------|------------------------|
| Transmission - Torque      | Dana Powershift - Dana |
| Speeds                     | 3 forward / 3 reverse  |
| Front and Rear Axles       | Kessler                |
| Degree of Axle Oscillation | +/- 8°                 |
| Brake                      | SAHR                   |

### **ENGINE**

Tier IIIA Common Rail Diesel

**Option 1** Deutz 92kW@2100 rpm

**Option 2** Cummins 104kW@2000 rpm

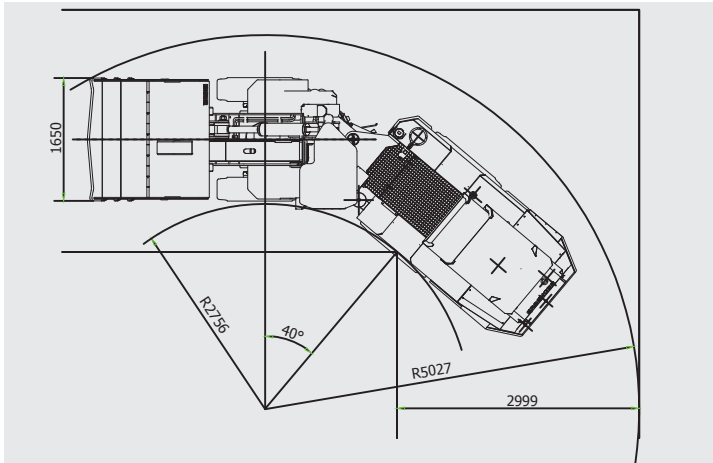

|                     |       |
|---------------------|-------|
| Number of Cylinders | 4     |
| Cooling System      | Water |

### **CYCLE TIMES**

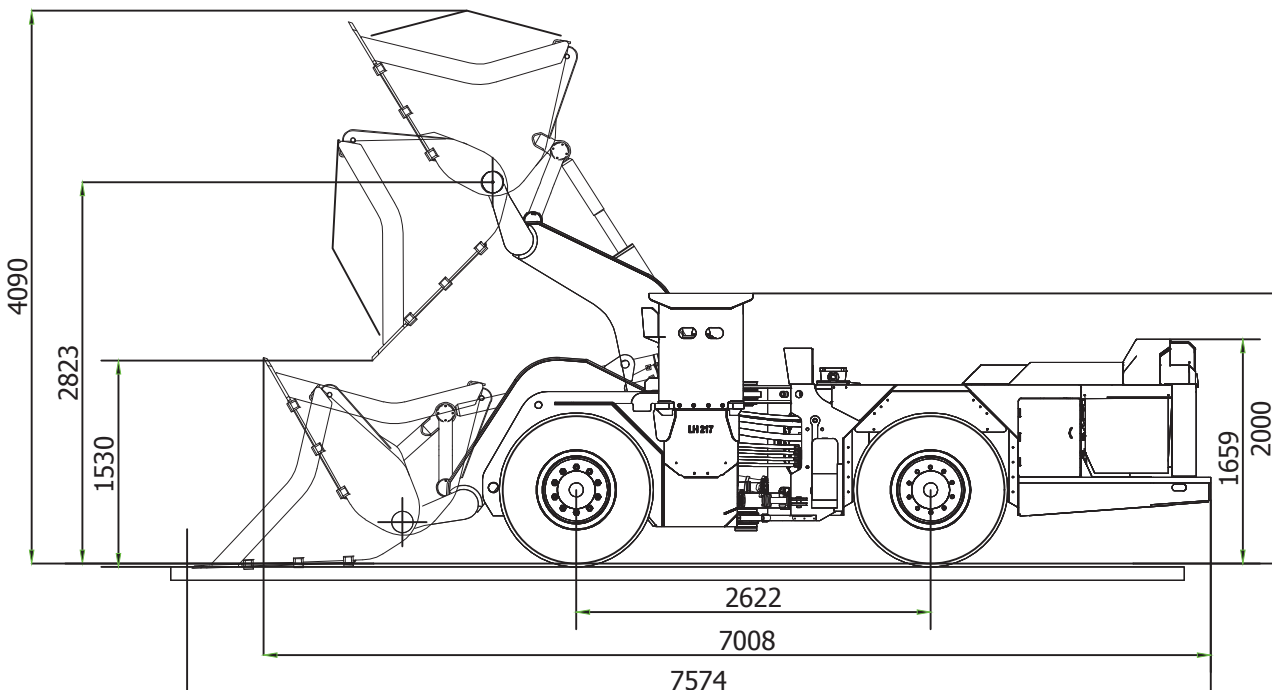

|          |      |      |
|----------|------|------|
| Raising  | 5,4  | sec. |
| Lowering | 4.11 | sec. |
| Tipping  | 2,9  | sec. |

### **OTHERS**

|                                   |                |
|-----------------------------------|----------------|
| Tyre Size                         | 12.00R20       |
| Battery                           | 2 x 12 V 105 A |
| Lights (LED)                      | 2 Front, 2Rear |
| ROPS/FOPS Certified Safety Canopy |                |
| Manual Lubrication System         |                |
| Fuel Tank Capacity                | 140 L          |
